**Revised Scheme For Residential Education For Students
in High Schools in Targeted Areas (SHRESTA)
(FROM 2023-24 TO 2025-26)**

1. OBJECTIVE

Providing quality education and opportunities for even the poorest is the Constitutional mandate. The students from the Scheduled Caste communities, for long been subjects of untouchability, were kept out of quality education; a situation that perpetuates the disadvantages carried forward for generations of discrimination. However, the objective of providing access to quality education that provides a level playing field, is still far from reality. The scheme for Residential Education for Students in High Schools in Targeted Areas (SHRESHTA) has been conceived to provide access to high quality education to the students from Scheduled Caste communities.

The objective of SHRESHTA is to enhance the reach of development Intervention of the Government and to fill the gap in service deficient SCs dominant areas, in the sector of education through the efforts of grant-in-aid institutions (run by NGOs) and residential high schools offering high quality education and to provide environment for socio economic upliftment and over all development of the Scheduled Castes (SCs).
